A WELCOME TO HUSKER FANS FROM PRESIDENT BOUNDS

There's nothing like fall in Nebraska. It's a special season, full of traditions like Husker Football that bring families and Nebraskans together. Football is particularly special to me...because while Nebraska is successful on the field, what we're doing to support our student-athletes off the field is truly life-changing.

I BELIEVE NEBRASKA SHOULD BE THE BEST PLACE IN THE NATION TO BE A STUDENT.

What does that mean for our student-athletes?

- Students are at the heart of everything we do. We put their success and well-being first.
- The time student-athletes spend at NU should lay a strong foundation for the rest of their lives.

Nebraskans can be proud that we are a leader in supporting student-athletes. These young men and women are role models and ambassadors for the

university and our state. They're engaged in their communities and focused on their goals. I'm impressed by their talents. And, I'm grateful to the coaches and staff who serve on their behalf.

The University of Nebraska should be a place where all students can succeed. Where they matter, where their education is second to none, and where they leave ready to take on their next challenge.

Thank you for your support of the Huskers and the University of Nebraska. Go Big Red!

HANK BOUNDS

N GAME PREVIEW

HUSKERS HOST SUN BELT CHAMP ARKANSAS STATE TO OPEN 2017 SEASON

Nebraska kicks off its 128th season tonight with a matchup against Arkansas State, the defending Sun Belt Conference champion. The Huskers are coming off a 9-4 record in 2016, while Arkansas State posted an 8-5 record last season.

The Red Wolves ended last year as one of the nation's hottest teams, winning eight of their final nine games en route to earning their fifth Sun Belt title in six seasons. Meanwhile Nebraska posted one of the nation's best starts last season, racing off to a 7-0 record before an overtime loss at No. 11 Wisconsin. The Huskers were one of the last nine unbeaten FBS teams in 2016.

Tonight will mark the Nebraska coaching debut for defensive coordinator Bob Diaco and assistant coach Scott Booker. Assistant coach Donté Williams will also coach in his first game at Memorial Stadium tonight.

HUSKERS LOOK TO EXTEND HOME WIN STREAK

Nebraska finished 7-0 at home last season, its first undefeated home season in five years and 28th all-time at Memorial Stadium, which opened in 1923. The Huskers bring a seven-game home winning streak into tonight's season opener with Arkansas State.

- The Huskers were one of only five FBS teams to go 7-0 or better at home last season, along with Alabama (7-0), Michigan (8-0), Ohio State (7-0) and Penn State (7-0). The Crimson Tide (2nd), Buckeyes (6th), Nittany Lions (7th) and Wolverines (10th) were all ranked in the top 10 of the final 2016 Associated Press and coaches' polls.
- Overall, Nebraska was one of only 14 FBS teams to go undefeated at home during the 2016 season.
- Nebraska owns a seven-game home winning streak that ranks in a tie for fifth nationally entering the 2017 season.

NEBRASKA FEATURES YOUTHFUL ROSTER

Nebraska features a young roster in 2017. Nearly two-thirds of the squad is comprised of underclassmen, as 80 of the Huskers' 127 players are either freshmen or sophomores.

At quarterback, Nebraska boasts one true freshman, one redshirt freshman, one sophomore and one junior. Junior transfer **Tanner Lee** is the only member of the group who has seen action at the FBS level, but he has not played in a game since 2015. Nebraska does not have a single quarterback on its roster who has taken a snap with the Huskers, a first at Nebraska since 1972. That year, Dave Humm set a school record with 2,259 passing yards and a Big Eight record with 18 touchdown passes.

UNDERCLASSMEN BY POSITION GROUP

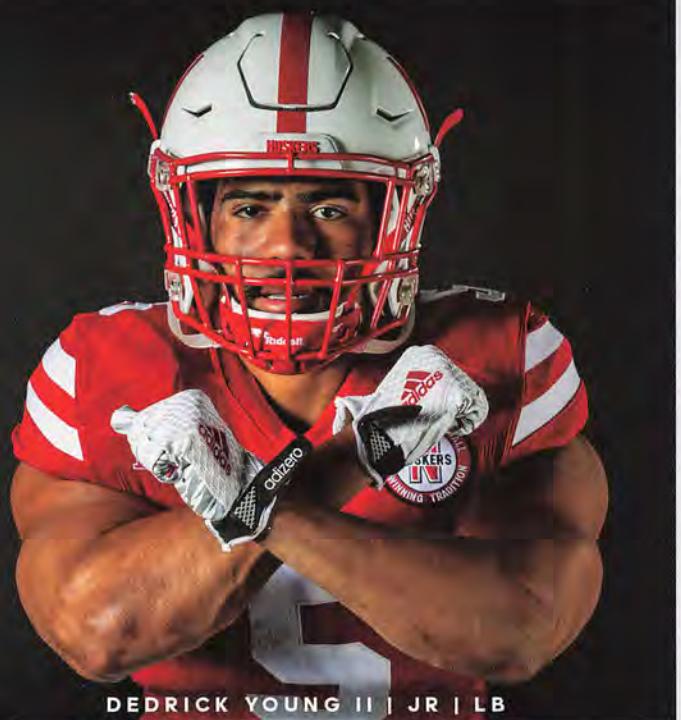

Group	Underclassmen	Total	% Underclassmen
Quarterbacks	3	4	75%
Linebackers	16	22	73%

Tight Ends	6	9	67%

Defensive Line	8	16	50%

3 THINGS TO KNOW

1 The Huskers went 9-4 in 2016, posting their 50th nine-win season in school history. NU boasts the most nine-win seasons in college football history, three more than Alabama (47).

2 Nebraska has won 19 straight home night games in Lincoln. The Huskers are 45-5 in Memorial Stadium night games.

3 The Huskers are 12-0 all-time against current members of the Sun Belt Conference, including 2-0 vs. Arkansas State.

YOUNG LOOKS TO ANCHOR LINEBACKING CORPS

Junior Dedrick Young II looks to lead Nebraska's linebackers this fall as the Huskers transition from a 4-3 defensive scheme to a 3-4 attack. Young has totaled 121 tackles in his first two seasons, as he ranks second among all 2017 Huskers in career tackles despite his junior status. He is only the third Husker to record 100 tackles prior to his junior season.

HUSKERS HONOR, REMEMBER BOB ELLIOTT

Nebraska lost a member of its family on July 9, when assistant coach Bob Elliott passed away. A 38-year coaching veteran, Elliott was hired in February as the Huskers' safeties coach. Elliott also had previous ties to NU as his uncle, Pete, was the Huskers' head coach for the 1956 season.

To honor Elliott, Nebraska coaches will wear an emblem with the initials "BE" on their game-day polos and hats.

3 THINGS TO WATCH

1 Nebraska has won 19 consecutive games when it has a positive turnover margin dating back to a 2011 loss to Northwestern. NU is 7-0 under Mike Riley when winning the turnover battle.

2 The Huskers are 11-0 under Mike Riley when out-rushing the opponent, including an 8-0 record last season.

3 Tonight will mark quarterback Tanner Lee's first game in 643 days, since he started for Tulane on Nov. 21, 2015 at SMU.

THERE IS NO PLACE LIKE NEBRASKA

THE ARKANSAS STATE RED WOLVES

Arkansas State is coming off an 8-5 season in 2016, winning eight of its last nine games culminating with a 31-13 bowl victory over Central Florida. The Red Wolves also won their second consecutive Sun Belt Conference title in 2016, and Arkansas State is the only FBS program to win five conference titles in the past six seasons.

The Red Wolves return 48 letterwinners and nine starters from last year's squad, including five starters on offense and four on defense. Eight of ASU's nine returning starters have earned All-Sun Belt honors in their careers.

Offensively, Arkansas State must replace its entire starting offensive line from last season and its leading receiver. But quarterback Justice Hansen returns after leading ASU to an 8-2 record as a starter in 2016, when he earned honorable-mention all-conference accolades. Hansen led the Sun Belt in passing efficiency (138.9) and yards per completion (13.8) last season while ranking second in passing touchdowns (19) and third in passing yards (2,719). Returning all-conference tight end Blake Mack and wide receiver Dijon Paschal give Hansen two reliable targets in the passing game, while two-time All-Sun Belt running back Warren Wand returns to lead the Red Wolves' ground attack.

The Red Wolves' defense is led by defensive end Ja'Von Rolland-Jones, who was just the second defensive player in Sun Belt history to be named conference player of the year in 2016. Rolland-Jones is the Sun Belt's all-time sack leader and enters his senior season 13.5 sacks shy of Terrell Suggs' FBS career record (44.0). Arkansas State also brings back multiple returning all-conference selections at linebacker (Khari Lain and Kyle Wilson) and defensive back (Justin Clifton and Blaise Taylor). The Red Wolves ranked 19th nationally in scoring defense last fall, allowing only 21.5 points per game.

NEBRASKA VS. ARKANSAS STATE SERIES HISTORY

Nebraska is 2-0 all-time vs. Arkansas State with both wins in Lincoln. The Huskers have never trailed in their two games with ASU, winning 38-9 in 2009 and 42-13 in 2012. In the 2012 matchup, Nebraska's Taylor Martinez completed 13-of-14 passes, posting a school-record 92.9 completion percentage (min. 10 attempts).

McNITT JOINS PROUD GROUP OF WALK-ONS WHO EARNED SCHOLARSHIPS

Lorie Garnett, Nebraska Communications

When his original college football arrangements didn't go according to plan, senior Luke McNitt found a brotherhood among walk-ons who became scholarship players for the University of Nebraska football team.

McNitt, attended the University of Nebraska-Kearney and played football for the Lopers as a freshman, but after one year, the Kearney native decided to reopen his college decision. The Huskers opted to bring in McNitt as a preferred walk-on, beginning his version of a storied tale so many Nebraskans take pride in - walk-ons who eventually earn scholarships.

Becoming a major contributor with a scholarship was always a goal for McNitt. From the beginning of his time in Lincoln, McNitt looked up to former Husker walk-ons such as Sam Foltz, Brandon Reilly, Andy Janovich and Jack Gangwish, players who earned scholarships in their time at Nebraska and modeled his work ethic after theirs. Despite redshirting in 2014 and seeing minimal time in 2015, McNitt worked hard on the field, in the weight room and in the classroom.

"I learned so much from those older guys, and I take pride in the younger guys asking me for advice, the same way I asked so many of the former walk-ons for advice," McNitt said. "I tell them just like all of the guys that came before me told me, to come in here, go to work, put your head down, and your time will come."

McNitt's opportunity came in 2016 when Andy Janovich was selected in the NFL Draft by the Denver Broncos, leaving the Husker fullback position up for grabs. During the 2016 season, McNitt earned the No. 1 fullback role for the Huskers, picking up starts against Oregon and Wisconsin. McNitt also recorded two carries for four yards at Iowa and was a key blocker in the Huskers' rushing attack. He contributed as one of Nebraska's top special teams performers, tying for the team lead with 10 special teams tackles, including six solo stops.

Off the field, McNitt proved himself as an all-around hard worker and achiever, when he was named Nebraska's 2016 Lifter of the Year and earned a spot on the Academic All-Big Ten team in both 2015 and 2016.

"I could finally see light at the end of the tunnel," McNitt said. "I put in so much work here. I put in my time, and I could feel my chance coming."

In January of 2017, McNitt received a message from the Nebraska coaching staff indicating that it was time for him to finally sign his scholarship papers.

"It was such an exciting experience," McNitt said. "The first person I called was my dad, and then I called my mom, and they were so excited for me. I will never forget it."

The senior fullback credits his parents and older brother and sister for providing him with good examples of the type of person he wants to become, and for supporting him in his endeavors at the University of Nebraska. McNitt will graduate in December with a degree in business management, but hopes his football career will continue, either as a player, coach or recruiter.

QUICK HITS

What are your best Nebraska football memories?

Do you have a celebrity crush? "Margot Robbie."

If you could only eat one meal forever, what would it be? "Steak and potatoes."

If you could do anything for a day what would it be? "I would trade places with Dustin Johnson and play golf - be the best golfer in the world."

What is your favorite sport besides football? "Golf."

What did you want to be when you were younger? "A cowboy."

GABE RAHN

LE MARS, IOWA | NUTRITION, EXERCISE & HEALTH SCIENCE MAJOR

RAHN POISED TO MAKE IMPACT AT WIDE RECEIVER IN HIS FINAL SEASON

Asia Nared, Nebraska Communications

Like father, like son. Gabe Rahn's dad was a big football fan, so naturally Gabe grew up watching football.

"I kind of was drawn to it from watching it all of the time," Rahn said. "My brother and I would play football in the yard."

His father was the quarterback and Gabe and his brother would switch off being a wide receiver and a defensive back. "It got really competitive sometimes, and we would start yelling and screaming at each other," Rahn said.

Rahn started playing when he was five, and he's been playing football ever since. Growing up in Iowa, the Rahn family stuck out on fall Saturdays. Rahn grew up a Husker fan in Hawkeye Nation. With both of his parents Nebraska natives, the Huskers were the family team. Every football Saturday, they wore red in a sea of gold.

"Both of my parents are from Nebraska so we grew up Husker fans," Rahn said. "We would get together as an extended family and have big Husker parties every Saturday."

Nebraska football always was a part of his life and his family's love for Nebraska is what made him want to walk on to the Husker football team.

QUICK HITS

Favorite sport other than football?

"I really like golf. I'm not really good at it, but I love going to play with my wife, my brother and my dad. We all love doing that."

Favorite food?

"Ice cream. I can eat a bunch of ice cream in one sitting."

Hidden talent?

"Roller blading."

Favorite memory?

"The 35-yard touchdown against Wyoming [in 2016]."

Fun fact?

"Well I'm married. That's a fun fact!"

Rahn made the team and redshirted his first year. The following two seasons, he added depth at the receiver position, working hard to see the field. Rahn prides himself in his work ethic, something he thinks was inspired by a senior his freshman year.

"Quincy Enunwa, he was a wide receiver here my very first year," Rahn said. "His work ethic, he was always grinding out there. He worked hard in the weight room, he worked hard everywhere. He worked his way up to the NFL. I try to emulate my work ethic off of his."

In 2016, all the hard work paid off. Rahn saw action in six games, but the game that meant the most was a win against Wyoming. Rahn experienced the first pass play of his career and made the most of it. He hauled in a 35-yard touchdown helping the Huskers defeat the Cowboys 52-17 in the second game of his junior season.

"That was my first ever catch-and-pass play," Rahn said. "My whole family was there at that game. I didn't expect it all. I went in expecting a run play but they called a pass play. I was like 'OK, I may not get it' and then the ball was coming my way. It was an incredible day for sure."

Rahn has potential for more "incredible days" in 2017 and is poised to compete for extensive playing time, as the Huskers graduated three fifth-year seniors at the wide receiver position.

After his Husker career comes to end, Rahn has plans to continue school. The nutrition, exercise and health science major, who earned Big Ten Distinguished Scholar honors in 2017 and is playing this season as a graduate student, plans to attend chiropractic school at Cleveland University-Kansas City beginning in May 2018.

As he looks back on his time at Nebraska, Rahn unveils his favorite thing about Nebraska.

"The best thing about Nebraska is that everybody cares," Rahn said. "Between the academic staff, your coaches and the fans, they really care, and they really want to know how you're doing. They are always asking questions and they always want to talk football with you. They know their stuff and they know every player even if you're just a freshman."

"The atmosphere with the fans and the coaches. That's the best part."

CONNOR KETTER

NORFOLK, NEB. | NUTRITION SCIENCE MAJOR

NORFOLK NATIVE CONNOR KETTER FULFILLING HIS DREAM

Kyia Rollag, Nebraska Communications

Playing for the Huskers is a dream of nearly every football player who grows up in Nebraska, and it was no different for Norfolk native Connor Ketter.

"I started when I was young, so probably first or second grade," Ketter said. "I had an older brother and he played, and I always just wanted to be like him. My dad played and it kind of just went through the family. Being from Nebraska and growing up in Nebraska then playing for the Huskers is a childhood dream. I would say I'm fulfilling it."

Ketter, a walk-on from prep powerhouse Norfolk Catholic, is one of the most experienced tight ends on the Husker roster, as NU graduated three four-year letterwinners at the position following the 2016 season. Ketter played in nine games last season to earn his first letter.

"Connor has experience and knows what it's like to be out here and play in front of 90-some thousand people," tight ends coach Tavita Thompson said. "He's been there before. He's got great composure."

QUICK HITS

Celebrity Crush?

"Rachel McAdams."

If you could have any superpower, what would it be?

"Time traveling. It would be cool to be able to go back in time and relive moments and memories."

If you could eat one thing for the rest of your life, what would it be?

"Chicken and rice."

Outside of football, what do you like do?

"Golf."

If you could play any role in a movie, who would it be?

"Iron Man/Tony Stark from The Avengers."

Any pregame rituals?

"Listen to the same music playlist before every game. Hip Hop, it gets me pumped up for the game."

Despite suffering an offseason injury, Ketter found ways to continue to make progress and to help prepare for the 2017 season. He spent many hours watching film and studying his position to perfect his craft.

"I put a lot of time in, asked a lot of questions and put in a lot of work," Ketter said. "Being injured in the summer was pretty tough. I had to wait for everything to heal up and get back to work. Other than that, I've been waiting for my time again. It's all going to work out for itself."

His efforts to bounce back are being noticed by his coaches.

"I'm really proud of him and the work he's done to come back," Head Coach Mike Riley said during fall camp.

Thompson agreed. "Unfortunately with his injury he couldn't be out there this summer, but he gets in every play and he tries to make up for it."

According to Thompson, Ketter is an important part of the team and will serve as a leader in his senior season.

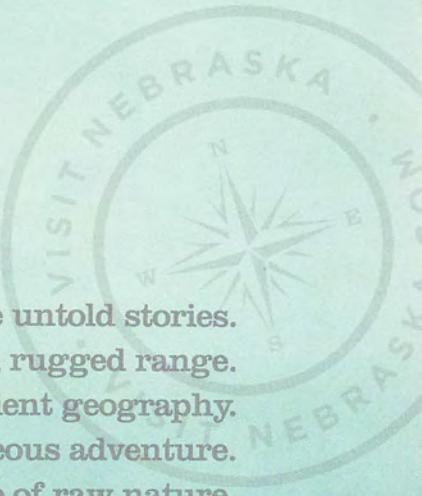

"He's been a part of the program and he knows the offense," Thompson said. "He definitely shares a lot of knowledge - he's one of the leaders of our group."

Ketter is not only a leader, but also one of the few tight ends with game experience. He has seen a lot during his Husker career, and says his most memorable moment at Nebraska came in 2013, when Jordan Westerkamp caught a game-winning touchdown pass on the final play of the game to beat Northwestern in what is believed to be the first Hail Mary victory in the storied history of Nebraska football.

The two-time member of the Nebraska Scholar-Athlete Honor Roll is on track to graduate in December with a degree in nutrition science, and as he looks back on his career, he reflects on more than just football.

"It's gone fast, really fast actually," Ketter said. "It's crazy. It becomes home. You're like a family with everyone, you're real close with everyone. It's going to be tough after the year to watch everyone still play that you are close with. It's a big family."

If you could see Nebraska through my eyes, you would see untold stories.

In a vast, rugged range.

You would see ancient geography.

And you'd find a love for spontaneous adventure.

You would see a place of raw nature.

Filled with color and texture.

You would see yourself on a different planet.

Surrounded by natural ruins.

My name is Derek, and this is Toadstool Geologic Park through my eyes.

N SPOTLIGHT: DEFENSIVE COORDINATOR BOB DIACO

NEW COORDINATOR BOB DIACO DEMANDS ENERGY FROM DEFENSE

Brian Rosenthal, Nebraska Communications

For months, Mohamed Barry has been eager to strap on the pads, dart toward a ball carrier and unleash his pent-up energy and emotion.

Part of that excitement is because Barry, a sophomore linebacker from Grayson, Ga., clearly sees his role expanding and playing time increasing as part of Nebraska's new 3-4 defensive scheme.

The majority of Barry's passion and spirit, however, stems from the man who brought that new defense to Lincoln.

His name is Bob Diaco, and his fire, energy and ability to connect with all players has given the Blackshirts an overall confidence and a positive vibe that players feel can produce the results of yesteryear.

"When he came in, it was kind of stiff on defense," Barry said. "But he wanted energy, energy. Then you could see in spring practice, our tempo, how we played, it went up. Now everyone is flying around, having fun, celebrating. Back to the old-school days, when people had fun at Nebraska, bones up, swagger. You stop thinking and you just start making plays."

Don't take that to mean Diaco has simplified the defense. In fact, Barry said, it's more complicated. Yet with the way Diaco and his staff teaches, and the emphasis on energy, more players are learning easier and buying in sooner.

"Every year we've got the goal of winning big, but this year, it's up," Barry said. "You can tell that everyone has bought in and everyone is focused on that one goal."

Let's hear it from someone who's played against the Blackshirts every day in fall camp practices.

"Our defense is playing with some attitude. They have swagger," junior running back Devine Ozigbo said. "We have all the tools we need to be successful in the Big Ten and against our non-conference opponents."

When third-year Nebraska coach Mike Riley decided to change defensive coordinators and searched for a perfect fit to his staff, he thought back to his coaching roots, and his strong familiarity with a 3-4 defensive scheme.

For years, he'd been intrigued about returning one day to the 3-4. That was among the factors that attracted him to Diaco, the former Connecticut head coach and Notre Dame defensive coordinator. The others, Riley found out during the interview process.

"I see Bob as a really good teacher, a fundamental, one, two, three, four, this is how it's done," Riley said. "I love that part of him. And I also like the detail of it, and I love the enthusiasm with which he approaches it. So there was a lot of confirmation about this guy and about what he would bring schematically as we went through the interview process, and I really enjoyed that."

During Diaco's four seasons at Notre Dame, the Fighting Irish defense allowed an average of 19.08 points per game, which ranked as the ninth-best average over that time among FBS programs.

In his first season at Notre Dame in 2010, Diaco switched defensive schemes from a blitzing 4-3 defense the Irish utilized in 2009 and installed a 3-4 no-crease defense.

Notre Dame's defense became immediately better as the Irish allowed 5.69 fewer points per game and 40.5 fewer yards per game in 2010 than 2009.

Nebraska is counting on Diaco and his 3-4 look making a similar impact this season.

Barry, a third-year sophomore, figures to have a chance of a bigger role in the new 3-4 defensive scheme. The 6-foot-1, 230-pound Barry could fit at either outside or inside linebacker.

He also raves about the energy and swagger that Diaco has brought to the Blackshirts.

"I love it, I love it," Barry said. "It's more for me, more swagger, more energy. You're going to see the defense having fun."

That, players say, is the name of the game under Diaco.

"He's animated," senior linebacker Chris Weber said. "He's hands on. He's going to let you know when you did a wrong play, he's going to let you know when you made a good play."

"He makes it very clear - which is nice - what he expects. The accountability, across the board, to get what he likes, it's clear. You can see a difference."

Sophomore cornerback Eric Lee Jr. saw the raw emotion and energy of Diaco in an early spring practice.

"One thing that stood out to me, he got so excited - I think one of the 'backers contained the outside, or something - that he accidentally knocked the ball out of Tristan's hands in the middle of the play," Lee said, referring to freshman quarterback Tristan Gebbia.

"Without any thought, he started hitting up-downs, and we all thought that was funny."

Funny, and, well, awkward.

At first, anyway.

"Coach Diaco is just running everywhere," Lee said. "But throughout the spring, it kind of flowed through everyone else. We try to carry that energy and match that intensity level he brings to each practice."

Lee said the energy level "felt dead at times" last season during practice.

"You definitely want to have that high energy, high-level intensity when you're playing defense," Lee said. "Like Coach Diaco says, unlike offense, we can't punt whenever we mess up. So you have to carry that high intensity throughout practice all the time."

DONOR SPOTLIGHT: JIM & SHARRI BALDONADO

N

"We have been giving to Nebraska Athletics for some time now because it gives us great pleasure being a part of a great organization. It doesn't matter if we are at an away game at Penn State or in Washington, we are very proud to be Huskers."

» NEBRASKA DONORS JIM & SHARRI BALDONADO

Jim and Sharri Baldonado are long-time supporters of Nebraska Athletics. Both Nebraska natives, Jim is originally from Wauneta and Sharri from Waco. They met in Lincoln when they both worked at Lawlor's in the late 1970s. They married in 1980 and had their first daughter in 1983. Shortly thereafter, they moved to Elwood, Neb., where they enjoyed hunting and fishing with friends while raising their family.

Jim began working for The Home Agency in 1986 and became a partner a short time later. Over time, Jim had the opportunity to purchase all shares of The Home Agency which is now owned by Jim, Sharri and their three daughters. Jim has sold all types of insurance over the past 31 years and specializes in crop insurance with agents in Nebraska, Kansas, Colorado and Iowa.

Jim and Sharri have three daughters: Sara, Morgan and Megan. Sara and her husband Kevin live near Underwood, Iowa, and have four sons: Hudson, Axtan, Carver and Hollis. Kevin farms and raises livestock and Sara is the marketing manager at The Home Agency. Morgan and her husband Kyle live in Ashland, Neb. Morgan works at The Home Agency and owns My Massage in Omaha, and Kyle is a manager at the Collision Center in Ashland. Megan and her husband Andrew live in Omaha and are expecting their first child in November. Megan is a court reporter at the District Courthouse in Omaha, and Andrew is an insurance agent at The Home Agency.

Jim and Sharri have been Husker season ticket holders for football, volleyball, men's and women's basketball and baseball since their daughters were young. They love taking their daughters - and now their families - to Husker games. Another favorite pastime is taking friends to their first and in some cases their last game. The couple made sure that two close friends saw one final football and volleyball game and took

pride in presenting them with an autographed ball. They have enjoyed watching the excitement in both children and adults as they experience Husker games.

Making rural schools safer

NEBRASKA RESEARCH TEAM DEVELOPING SAFETY STRATEGIES FOR SMALLER DISTRICTS

(From left) Denise Bulling, senior research director at the University of Nebraska Public Policy Center; Mario Scalora, director of the NU Public Policy Center; and Jolene Palmer, school safety and security director at the Nebraska Department of Education.

A research team led by the University of Nebraska Public Policy Center is examining how law enforcement works with rural schools across the state with the goal of increasing safety and emergency preparedness.

A two-year grant from the U.S. Department of Justice's National Institute of Justice funds the research, which is a collaboration between the NU Public Policy Center and the Nebraska Department of Education. Researchers are using data from the Nebraska Department of Education, crime statistics, census data and survey results from law enforcement and personnel from more than 150 Nebraska schools to examine different strategies and develop ways to increase engagement and safety.

"There has been very little attention on school safety in rural schools," said Mario Scalora, director of the NU Public Policy Center. "Nobody's been looking at this in a systematic manner."

Rural schools face special challenges, Scalora said. With smaller tax bases to draw upon, they have fewer resources to commit to security. As a result, rural schools must rely upon creative ways to maximize their efforts.

"Rural schools face many of the same safety issues as their urban and suburban counterparts with fewer resources, and sometimes their own distinct challenges," Scalora said. "That's why this work is so important; it will give rural schools more strategies to partner with police to best manage their safety."

Researchers on the project include Denise Bulling, senior research director at the Public Policy Center; Jolene Palmer of the Nebraska Department of Education; and Lisa Sample of the University of Nebraska at Omaha.

N HEAD COACH MIKE RILEY

FORMER NFL HEAD COACH IN HIS THIRD SEASON AT NEBRASKA

Mike Riley is often referred to as one of the nation's most underrated coaches. His peers recognized him as such in 2014, naming him the No. 2 most underrated coach in a survey of all FBS head coaches. Riley may indeed be underrated, but only to those not paying attention to his accomplishments.

Riley's coaching resume speaks for itself. An NAIA national championship coordinator before he turned 30. A professional head coach before he was 35. Two Grey Cup championships in his four seasons as a Canadian Football League

head coach, where he was two-time CFL Coach of the Year. Four seasons of NFL experience, including three seasons as head coach of the San Diego Chargers.

Those accomplishments are enough to distinguish Riley from many of his peers and that's before one considers what Riley has achieved as an FBS head coach. Riley enters his 17th season as a college head coach this fall, and he is one of only seven active coaches who has recorded 100 wins at the Power Five Conference level. He also owns a 7-3 record in bowl games, ranking fifth in NCAA history in bowl winning percentage (minimum 10 bowl games).

Riley accepted his first college head job at Oregon State in 1997, spending two seasons with the Beavers before leaving for the NFL. He laid the foundation for the most successful stretch in Oregon State history by leading OSU to five wins in 1998, the program's first five-win season in 27 years.

Following a four-year stint in the NFL, Riley returned to Corvallis in 2003. Over the next 12 seasons, Riley guided Oregon State to eight bowl games, nearly matching the total of nine bowl games OSU made in its first 105 years. Riley also led the Beavers to four of the program's seven nine-win seasons.

Riley accepted the Nebraska job on Dec. 4, 2014. In only two seasons at Nebraska, he has already distinguished himself at a program that has featured six hall-of-fame coaches and ranks in the top five all-time in wins. In his first season in 2015, Riley became only the fourth NU coach to win a bowl game in his debut season, which set the stage for an impressive second season.

In 2016, Riley led Nebraska to the program's highest-ever College Football Playoff ranking (No. 10) and NU was ranked as high as No. 7 in the AP poll. Riley, who was a candidate for the Paul "Bear" Bryant and Bobby Dodd Coach-of-the-Year awards, helped Nebraska to its best start in 15 seasons (7-0), as the Huskers were one of the last nine unbeaten teams in the country en route to posting the 50th nine-win season in program history.

In the past three seasons, Riley has coached the all-time leading passer in Pac-12 history (Sean Mannion) and the all-time total offense leader and all-time leading passer in NU history (Tommy Armstrong Jr.). He has also coached two different Biletnikoff Award winners, as Riley is the only active coach in the country to coach two different wide receivers who have won the award.

Riley's success is not limited to the playing field. Forty-seven Huskers have earned academic All-Big Ten honors in Riley's first two seasons and 43 of the 50 members of Riley's first two senior classes have already earned their degrees, including 39 student-athletes who graduated before playing their final game in a Husker uniform.

EICHORST LEADING A DEPARTMENT FOCUSED ON STUDENT-ATHLETES

The University of Nebraska recruited and hired Shawn Eichorst in 2012, and he quickly displayed an incredible passion for the University and its student-athletes as well as the state of Nebraska. As the leader of a tradition-rich athletic program with 24 intercollegiate teams, 600-plus student-athletes and more than 325 full-time employees, Eichorst has relied on a strong value system and a student-centered approach to lead the department. Nebraska's primary mission is to provide all student-athletes with the resources and support they need to be successful in academics, athletics and life. The core values of Integrity, Trust, Respect, Teamwork and Loyalty serve as the foundation, and the health, safety and welfare of student-athletes and staff are the essence of every decision made at Nebraska.

True to his vision and word, since Eichorst arrived in Lincoln, resources and services in every student-athlete support unit have been reviewed, improved and enhanced, including academics, athletic medicine, life skills, nutrition, sports psychology, strength and conditioning, performance and research.

Well respected on the national level, Eichorst has been a major player in spearheading the passage of the most comprehensive and progressive football recruiting reform in decades. Serving on the inaugural Division I Football Oversight Committee since 2015 and named co-chair of the NCAA Division I Football Recruiting Ad Hoc Working Group in 2016, Eichorst provides valuable leadership and insight into preserving and enhancing the game of college football.

He was the first Director of Athletics from any conference to visit the Big Ten Conference-based Academic Alliance at its Champaign, Illinois, headquarters. The Academic Alliance (formerly known as the Committee on Institutional Cooperation) is a highly successful, academic-based consortium of 15 schools, including all 14 in the Big Ten Conference. Under Eichorst's direction, Nebraska is leading the Big Ten and the Academic Alliance in several areas, including Digital Humanities and head injury research. He also serves on the Big Ten Conference Program and Budget Review Committee. Eichorst regularly attends Big Ten Joint Council meetings and NCAA Conventions, including the Autonomy Five Conferences and recently provided input on new legislation designed to give students more time to pursue academics, work, internships or additional rest and recovery. On campus, Eichorst is a member of the Chancellor's Senior Administrative Team.

Eichorst continues to aggressively move Nebraska forward with several new initiatives to enhance the student-athlete experience. Beginning in the summer of 2015, Nebraska became the first athletic department in the country to provide laptop computers to every student-athlete and the first to create a data analytics department. Nebraska is one of the first in the Power 5 Conferences to provide all student-athletes four-year, full cost of attendance-based scholarships. Nebraska was also the first-known department of athletics to create a Post-Eligibility Opportunity (PEO) program, where every Husker letterwinner who graduates and has exhausted their eligibility has an opportunity to pursue an internship, study abroad or enroll in a graduate school program valued at \$7,500. Nebraska's service abroad trip is also unique, with teams of student-athletes and staff serving abroad in each of the past three years, including Guatemala in 2015, the Dominican Republic in 2016 and Nicaragua in 2017.

Eichorst is in high demand and has made more than 600 public appearances around the state and country. In 2016 and 2017, Eichorst toured the state with Coach Mike Riley and has visited with fans in 32 Nebraska communities. His monthly radio show and "Connecting on Campus" online column provide opportunities to connect and share the incredible activities, initiatives and accomplishments happening at the greater University and in the department.

Under Eichorst's leadership, Nebraska has extended its nation-leading total of CoSIDA Academic All-Americans to 329 and its nation-best total of NCAA Top Ten Award winners to 17. In 2016-17, 126 student-athletes earned undergraduate or graduate degrees and the Big Ten Conference honored 209 Husker student-athletes with Academic All-Big Ten awards. The 88 percent Graduation Success Rate (GSR) for the Nebraska student-athletes reported in the 2016-17 academic year was the highest GSR ever achieved for the fourth consecutive year. In addition all Nebraska teams achieved an NCAA Academic Performance Rate (APR) of 977 or higher which is the best in school history and marks the third consecutive year that all teams attained an APR better than 950.

During Eichorst's tenure, Nebraska has won three NCAA team Championships, increasing its total to 27. In 2012-13 and in 2014-15, the Nebraska women's bowling team earned the program's fourth and fifth NCAA titles, while the Husker volleyball team won the 2015 NCAA Championship, the program's fourth national title. With three sports winning Big Ten Conference championships in 2016-17, Nebraska now has 297 team conference championships all-time and 1,396 individual conference champions.

In 2016-17, the Husker volleyball, women's gymnastics and baseball programs won Big Ten Championships, while 13 Nebraska teams competed in NCAA postseason action, including bowling, football, volleyball, women's swimming and diving, wrestling, baseball, men's and women's gymnastics, rifle, and men's and women's indoor and outdoor track and field. In 2016-17, Nebraska produced 42 All-Americans who won 44 national awards, including 12 first-team honorees.

Under Eichorst's first year of leadership in 2013-14, Nebraska became one of only two NCAA institutions – and the first Big Ten program in history – to qualify for a football bowl game, and advance to NCAA postseason in the major team sports of volleyball, soccer, men's and women's basketball, baseball and softball. Additionally, Nebraska was the only institution to win a postseason game in six of those seven sports.

In Eichorst's four years at the helm of Husker Athletics, he has hired three head coaches. In December of 2014, Eichorst hired Mike Riley as head football coach. Prominent members of the national media, the coaching fraternity, Riley's former players and current and former Nebraska student-athletes praised the hire of Riley, one of the most respected coaches in the profession. Eichorst also hired Ashley Rose-MacAllister

to lead the women's rifle team in 2014 and Husker letterwinner Amy Williams to lead Nebraska women's basketball program in 2016.

Nebraska's fan support continues to be unparalleled in college athletics. In 2016-17, top 20 national rankings for average attendance were reached across nine sports: football, volleyball, men's and women's basketball, wrestling, soccer, baseball and men's and women's gymnastics. A tribute to loyal Husker fans, two sports lead the nation with consecutive home sellout streaks. Football has 354 consecutive sellouts and volleyball has 219 consecutive regular-season sellouts.

Under Eichorst's leadership, Nebraska continues to focus on improving its facilities and the game-day experience at all athletic venues. In August of 2015, Hibner Stadium and Barbara Hibner Field for soccer and the Sid and Hazel Dillon Tennis Center were completed. In 2015, a new center-hung video board and sound system in the Devaney Center improved the game-day experience for volleyball, wrestling and men's and women's gymnastics. In 2014, Memorial Stadium added the largest wireless network system at a college football stadium in history, along with a state-of-the-art sound system. In 2017, Memorial Stadium will feature new video screens and ribbon boards. The biggest change will be the addition of wrap-around video boards on the northeast and northwest towers. The components of the North Stadium videoboard – installed in 2006 – will also improve. The current board will not change in size but the resolution will tighten from 20-millimeter pixels to 10-millimeter pixels, creating a clearer, crisper picture that will match the state-of-the-art sound system that was updated in 2014.

In the summer of 2013, Memorial Stadium expansion added the innovative Nebraska Athletic Performance Laboratory (NAPL) inside East Stadium next to the Center for Brain, Biology and Behavior (CB3). That same year, Nebraska's men's and women's basketball teams became the primary tenants of the newly constructed Pinnacle Bank Arena, and the renovated Devaney Center became the home for Husker volleyball, wrestling and the men's and women's gymnastics programs.

Eichorst came to Nebraska after serving as Director of Athletics at Miami in 2011 and 2012. He hired legendary men's basketball coach Jim Larrañaga, who led Miami to the NIT Second Round in his first season and ACC regular-season and tournament titles as well and the NCAA Sweet 16 in his second. The women's basketball, women's tennis, women's soccer, volleyball and baseball teams also made significant NCAA postseason accomplishments.

Before heading to Miami, Eichorst was the Deputy Athletics Director at Wisconsin. He was the Chief Operating Officer and oversaw the department's daily operations, as well as the men's basketball program under the direction of Director of Athletics, Hall of Fame Football Coach and former Husker Barry Alvarez.

From 2004 to 2006, Eichorst served as the Senior Associate Athletics Director for Administration at South Carolina, overseeing the department's daily operations, as well as the football and baseball programs under legendary coaches Lou Holtz, Steve Spurrier and Ray Tanner, respectively.

From 1999 to 2003, Eichorst served as the Director of Athletics at Wisconsin-Whitewater, which produced four top 10-percent finishes in the NACDA Directors Cup, one NCAA team title and two NCAA runner-up finishes.

A native of Lone Rock, Wisconsin, Eichorst was an all-conference defensive back, three-time letterwinner and 1990 football team captain for the University of Wisconsin-Whitewater. He graduated magna cum laude in business from UW-Whitewater in 1990 and in 2015 earned the Distinguished Alumni Award for Professional Achievement. He earned a law degree from Marquette Law School in 1995, practiced law in Milwaukee until 1999 and is a past member of the State Bar of Wisconsin Board of Governors. He served as an assistant adjunct professor of law at Marquette, where he taught classes in sports law. He serves on the Marquette University National Sports Law Institute Board of Advisors, and in 2006, Marquette awarded Eichorst the Sports Law Alumnus of the Year Award. He is also a graduate of the Sports Management Institute and serves on its Executive Committee.

Eichorst and his wife Kristin have three sons: Jack, Joseph and Bennett.

N THE UNIVERSITY OF NEBRASKA-LINCOLN

The University of Nebraska-Lincoln is the state's flagship university and the intellectual center of the state of Nebraska. Like the university's founders in 1869, students and faculty at Nebraska look challenges and opportunities in the eye, using fresh thinking and creativity to forge new paths.

The expansive geography of our state fosters a closeness and collaboration that makes way for solutions applied at home and around the world. This includes innovative public-private partnerships and a new research campus – Nebraska Innovation Campus – where business partners connect with the talent of faculty to transform ideas into innovations.

Nebraska continues to grow in size and prominence. It welcomed its largest and most diverse incoming class in 2016 and ranked in the Top 10 of Springer Nature's international list of Rising Stars in scientific research. The university has 26,000 students and more than 150 undergraduate and 135 graduate degree programs and is ranked as a best-value university by The Princeton Review, and the prestigious Fiske Guide to Colleges has repeatedly singled out the university for its academic strength and affordability.

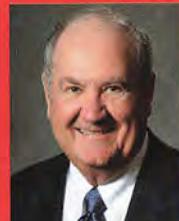

A top-tier research institution and member of the Big Ten Academic Alliance, Nebraska is a member of the Association of Public and Land-grant Universities and is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. As a leader in teaching and research, Nebraska leads an array of projects aimed at broadening knowledge and bettering lives around the world. The Nebraska Food for Health Center brings together strengths in agriculture and medicine from throughout the university system, working to develop hybrid crops and foods to improve the quality of life of those affected by critical diseases. In 2017, the Milken Institute ranked the university among the nation's elite for its ability to drive economic growth by commercializing the work of its faculty.

Optimism abounds at the University of Nebraska-Lincoln, creating a spirit that breaks through conventions and tells the world that Nebraska is in the middle of everywhere.

Nebraska, which joined the Big Ten Conference in 2011, is one of the nation's leading teaching institutions and a research leader with a wide array of grant-funded projects aimed at broadening knowledge in the sciences and humanities.

N THE BIG TEN CONFERENCE

Since its inception in 1896, the pursuit and attainment of academic excellence has been a priority for every Big Ten member institution. But maintaining the conference's standard of competing at the highest level in athletics also endures as an important component of the Big Ten experience. Striking that balance between academics and athletics is integral to the Big Ten's identity. Recognized as one of intercollegiate sports' most successful undertakings, the Big Ten strives for success from its students not only on the field and in the classroom, but around the world as well.

PREMIER ACADEMIC INSTITUTIONS

- The Big Ten Academic Alliance is an academic consortium of all 14 Big Ten universities, which is widely considered to be the model for effective and voluntary collaboration among top research universities.
- Every Big Ten Academic Alliance institution ranks among the top 78 universities in the nation according to the 2014 Academic Ranking of World Universities, including six in the top 25.
- The Big Ten leads all conferences with more than 1,700 Academic All-Americans, including 47 honorees during the 2016-17 academic year.
- Big Ten Academic Alliance schools annually conduct \$10 billion in funded research, \$5 billion more than any other conference.

A HISTORY OF ATHLETIC SUCCESS

- Big Ten schools have won at least seven national championships in seven of the last nine academic years and at least five in each of the last 20 years.
- In the last three full academic years, current Big Ten institutions have claimed 23 team national championships in 14 different sports.
- Over the last 11 full academic years, current Big Ten institutions have won 82 team national titles in 23 different sports.

BROAD-BASED PROGRAMMING

- The Big Ten will administer over \$200 million in direct financial support to more than 9,500 students competing in intercollegiate athletics for more than 11,000 participation opportunities on 350 teams in 42 different sports.
- The Big Ten sponsors 28 official conference sports, 14 for men and 14 for women, including the addition of men's ice hockey and men's and women's lacrosse the last four years.
- The Big Ten leads the nation in total students competing in intercollegiate athletics and participation opportunities, and sponsors more official sports than all conferences except the Ivy League.
- Almost 1,400 Big Ten competitors have participated in the Olympics, winning more than 600 medals, including nearly 300 gold. In the 2016 Olympic Games, 159 representatives from Big Ten institutions including current or former students and coaches were members to Olympic teams. Big Ten Olympians collected 47 medals in Rio.

PASSIONATE FOLLOWING

- The Big Ten leads all conferences with 5.7 million alumni and nearly 580,000 students.
- Each year more than 11 million patrons attend Big Ten home contests, as the conference leads the nation in attendance for men's basketball, hockey, volleyball and wrestling.

LEADERS IN INNOVATION

- Took part in the nation's first bowl game, winning the 1902 Rose Bowl Game, and signed an exclusive contract with the Tournament of Roses in 1946, making it the first bowl with permanent conference affiliations.
- Awarded the first Big Ten Medal of Honor in 1915, honoring outstanding seniors who demonstrated excellence in academics and athletics.

Dear Big Ten Fans:

For more than 120 years, the Big Ten has been committed to excellence in both academics and athletics and we appreciate your continued support. We look forward to providing our students, coaches and fans with a unique and memorable experience.

The benefits of competing in intercollegiate athletics are deep-rooted. Students are provided an outstanding education and learn lifelong lessons in ethics and integrity, sacrifice and perseverance.

The Big Ten remains committed to supporting broad-based programs, with more than 9,500 students learning and competing on 350 teams in 42 different sports. The conference has produced at least seven national titles in seven of the last nine years, and seen more than 1,600 students earn Academic All-America distinction.

Big Ten students enter the future with everything they need to become influential leaders. Today's participants have learned to compete on the same principles as those that came before them, including the highest level of citizenship and sportsmanship. We encourage our fans to follow their lead. Cheer for your team, revel in victory and be gracious in defeat.

Students competing this season will contend for a championship, and relish an experience that will last a lifetime. We invite you to help them reach their goal both today, and in all of their future aspirations.

Sincerely,

James E. Delany

N THE HUSKER STUDENT-ATHLETE EXPERIENCE

PUTTING THE STUDENT-ATHLETE FIRST

Nebraska Athletics is one of the few self-sustaining athletic programs in the country. In 2016-17, Nebraska was one of only two collegiate programs in the nation to attract nearly 1.3 million fans across its seven major team sports through the doors of its world-class facilities. This incredible interest and support enables Nebraska Athletics to invest in the student-athlete experience, as well as the overall game-day experience. Nebraska is a leader in providing all the resources and support necessary for student-athletes to become successful in Academics, Athletics and Life. Nebraska will continue to strategically plan for avenues to strengthen the resources to support more than 600 Husker student-athletes across 24 sports.

ACADEMIC SUCCESS

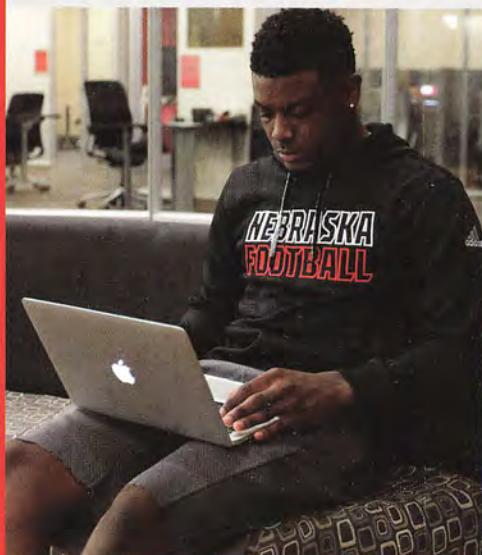

More than 600 student-athletes, including Stanley Morgan Jr., benefit not only from Nebraska's full cost of attendance scholarships and the MacBook Air program, but also the amazing facilities and staff support within the Dick and Peg Herman Family Student Life Complex. Nebraska leads the nation in CoSIDA Academic All-America and NCAA Today's Top Ten awards.

ATHLETIC SUCCESS

Nebraska's strength and conditioning has long been at the forefront of college athletics. Under the direction of Boyd Epley, Nebraska has a staff of 14 strength coaches, including football strength coach Mark Philipp, who creates personalized strength and conditioning programs for Husker student-athletes.

LIFE SKILLS SUCCESS

The Husker Life Skills program allows student-athletes to continue their development and impact lives in the community. In 2016-17, Husker student-athletes completed more than 400 outreach projects. Nebraska also prepares student-athletes for their future profession with career fairs, networking nights, resume and job interview training and an innovative Post-Eligibility Opportunity program.

LEWIS TRAINING TABLE

PROVIDING FOR A STUDENT-ATHLETE'S PHYSICAL & MENTAL NEEDS

Nebraska's Athletic Medicine facilities rank among the nation's best, while one of the most experienced medical staffs in the nation care for all Husker student-athletes. Nebraska's medical team consists of 13 full-time athletic trainers and eight graduate assistant trainers, led by Associate Athletic Director Dr. Lonnie Albers (pictured below, kneeling on left), Head Athletic Trainer and Physical Therapist Jerry Weber and Head Football Athletic Trainer Mark Mayer. A full staff of orthopaedists is also available to the Huskers, led by Dr. Richard Dugas (pictured below in white). The Husker Athletic Medicine team also includes a full-time, in-house athletic psychologist, and sports psychiatry consultants who work directly with Husker student-athletes.

THERE IS NO PLACE LIKE NEBRASKA

SPORTS NUTRITION LEWIS TRAINING TABLE

Husker student-athletes have ample places to dine, as the Lewis Training Table is open extended hours for meals, while the North Stadium (pictured below) and Hendricks Training Complexes have areas for supplements for recovery after workouts or for snacks throughout the day. Nebraska's three full-time sports dietitians work with the Lewis Training Table manager and executive chef to plan and prepare meals to help maximize performance for student-athletes. Nebraska's individual nutritional counseling focuses on performance nutrition strategies, hydration, quality food choices and proper supplementation to help student-athletes reach their full potential.

A NATIONAL LEADER IN STUDENT-ATHLETE AID

In August of 2014, the NCAA Division I Board of Directors restructured the way member institutions and conferences, including the Big Ten, govern themselves. Nebraska has a great history and tradition of providing unmatched benefits and support to student-athletes. However, this change in governance, and subsequent legislation, paved the way for Nebraska to enhance the benefits and experiences for student-athletes. A few examples of these enhanced benefits are:

- All scholarship student-athletes across all sports have their scholarship calculated based on the full cost of attendance.
- Each student-athlete is offered an Apple MacBook Air laptop computer to enhance their learning opportunities.
- Nebraska has increased resources and support in all academic and performance related areas including but not limited to Academic Services, Life Skills, Athletic Medicine, Athletic Training, Strength and Conditioning, Nebraska Athletic Performance Laboratory, Nutrition and Dining Services (Training Table) and Sports Analytics.
- Nebraska created the first-known Post-Eligibility Opportunity (PEO) program, where every student-athlete graduate who has exhausted their athletic eligibility has the opportunity to pursue (with Nebraska support) an internship, participate in a study abroad program or attend graduate school within the University of Nebraska system.

N NEBRASKA'S ACADEMIC PROGRAM

ACHIEVING EXCELLENCE IN THE CLASSROOM

Nebraska is known for its balance in aiding student-athlete achievement both on the field and in the classroom. Husker student-athletes benefit from one of the most respected and successful academic programs in college athletics. Nebraska provides as many resources for student-athletes to train their minds as it does for student-athletes to train their bodies.

The Huskers' academic program is widely regarded as one of the most innovative and comprehensive academic support systems in the country. The academic unit, located in the Dick and Peg Herman Family Student Life Complex, provides personal and academic support to ensure that student-athletes will get the most out of their years as Huskers. The academic support team is composed of 14 full-time staff members and is certified by the National Association of Academic Advisors for Athletics (N4A) as meeting the standards established by the N4A.

NATIONAL LEADER IN ACADEMIC ALL-AMERICANS

The University of Nebraska has produced more CoSIDA Academic All-Americans than any school in NCAA history. The Nebraska football program has produced the most academic All-Americans of any male sport in NCAA history, while the Husker volleyball program has totaled the most academic All-Americans of any female sport in NCAA history.

NATIONAL LEADER IN NCAA TODAY'S TOP 10 AWARDS

In addition to leading the country in academic All-Americans, Nebraska has produced more winners of the NCAA Today's Top 10 Award than any other school in the country. The NCAA Today's Top 10 Award is a prestigious award that represents the pinnacle of achievement in both athletics and academics. The award is presented to the 10 most outstanding senior student-athletes of the preceding academic year across all NCAA sports and divisions.

A total of 17 Huskers have earned an NCAA Today's Top 10 Award, including a nation-leading nine Nebraska football student-athletes.

N NEBRASKA'S LIFE SKILLS PROGRAM

PREPARING STUDENT-ATHLETES FOR SUCCESS IN LIFE

Complementing Academic Support Services is the comprehensive Life Skills program, continually recognized as a model of service to prospective, current and former student-athletes. Nebraska provides Life Skills programming for every student-athlete. The mission of the Life Skills program is to provide proactive education fostering the acclimation to the University of Nebraska, promote total person development best preparing student-athletes for life after sport, and serve as a powerful recruiting resource for each team.

In May of 2017, 22 student-athletes traveled to Nicaragua (above) as part of the NoFilter program to serve abroad with Seeds of Learning, a nonprofit organization that helps to create educational opportunities in rural Latin America. Over the course of one week, these Huskers experienced a new culture, created new friendships and relationships, and most importantly, helped build additional classrooms for a school in the town of Villa Japón.

Husker student-athletes are also active members of the community, volunteering their time at numerous local events. Junior defensive lineman Freedom Akinmoladun (bottom left) has served as a motivational speaker for local youth rallies, while Husker football players make several visits to local hospitals each year (bottom right).

One of the highlights of every summer, the annual Nebraska Football Uplifting Athletes Road Race (above) has raised over \$100,000 for pediatric brain cancer research in its five-year history. Nebraska football has been a national leader in outreach activities for decades.

Nebraska's Life Skills program also hosts numerous events designed to help student-athletes get a head start on their career, such as an annual Career Fair (bottom right).

THERE IS NO PLACE LIKE NEBRASKA

PROACTIVE EDUCATION

The Life Skills team organizes several orientations aimed at acclimating student-athletes to college life. Additionally, all incoming student-athletes attend the fall semester Husker Life Seminar. This interactive class promotes responsible decision-making, personal brand, financial literacy, leadership, involvement and service.

INDIVIDUAL MEETINGS

Every Nebraska student-athlete is assigned a Life Skills staff member who will assist with personal and career development. The meetings help each student-athlete identify a career focus and implement a plan to increase career marketability.

CAREER COMMITMENT & NETWORKING

Annually, Nebraska Life Skills organizes a Student-Athlete Career Fair, Networking Night (pictured bottom right) and other career events aimed at connecting Huskers with companies desiring competitive, hard-working, accountable candidates. Athlete Network and Husker Hire Link provide opportunities to explore career opportunities across the country.

COMMUNITY OUTREACH

Nebraska student-athletes readily accept the role-model challenge, collectively giving more than 8,000 hours annually to impact thousands across the state of Nebraska. Outreach events include but are not limited to hospital visits, mentoring, school assemblies, statewide rallies (including the Sportsmanship 4 Life Pep Rally, pictured opposite page, bottom left), Make-A-Wish, School is Cool and Husker Heroes.

LEADERSHIP

Nebraska Life Skills provides student-athletes with countless opportunities to enhance leadership skills while distinguishing themselves from the competition. Student-athletes can be members of the Student-Athlete Advisory Committee, Uplifting Athletes Chapter or Inner Circle. UNL offers more than 600 recognized student organizations allowing athletes to collaborate with other campus leaders for common goals. Nebraska Life Skills funds and coordinates an annual one-week service abroad trip that allows 20 student-athletes to work together toward a common goal while enriching cultural competencies.

RECOGNITION

In 2016-17, a record 82 Husker Football student-athletes were named to both the Tom Osborne and Brook Berringer Citizenship teams for completing a minimum of six service projects in the calendar year. A host of other recognition opportunities at the institutional, Big Ten and NCAA levels that all reflect the high ideals, character and servant leadership nurtured through community involvement also are available.

POST-ELIGIBILITY OPPORTUNITIES

Effective December 2015 and beyond, student-athletes who letter and graduate will have a three-year window to benefit from one of three post-eligibility opportunities each valued at \$7,500. Upon completion of required seminars, graduates can either study abroad, complete an internship or begin graduate school within the University of Nebraska system.

DIVERSITY AND INCLUSION

The Life Skills program also is responsible for all Diversity and Inclusion initiatives for Husker Athletics. Since 2016, the Diversity and Inclusion Summit has reached all student-athletes and staff members with programming emphasizing respect, acceptance and unity. Numerous other special events are coordinated in collaboration with campus departments highlighting the diversity within Husker Nation.

N NEBRASKA FOOTBALL FACILITIES

WORLD-CLASS FACILITIES PROVIDE PEAK PERFORMANCE

The University of Nebraska provides its football student-athletes with every resource needed to be successful. All of the football facilities are conveniently located inside the Tom and Nancy Osborne Athletic Complex, within steps of Memorial Stadium. In addition to playing in one of college football's best stadiums, Nebraska boasts four practice fields, including two indoor facilities, three FieldTurf fields and one grass practice field. The Huskers also benefit from world-class athletic medicine, nutrition and strength and conditioning facilities located just steps from their spacious locker room, which features a personalized iPad at each locker. Up one flight of stairs, an entire floor of the Osborne Athletic Complex is dedicated to football student-athletes, an area which includes a large auditorium, position-specific meeting rooms with video capabilities, coaches' offices, historical displays and a player's lounge which provides a comfortable space for football student-athletes to relax.

HAWKS CHAMPIONSHIP CENTER

Connected to the Osborne Athletic Complex by an indoor skybridge, the 81,200-square foot Hawks Championship Center provides a full-sized indoor practice field with a FieldTurf playing surface identical to Memorial Stadium. The Huskers also have access to a second indoor facility, the Cook Pavilion, located adjacent to the outdoor practice fields.

HISTORICAL DISPLAYS

Nebraska's rich football tradition is on display throughout the Osborne Athletic Complex and Memorial Stadium. Five national championship trophies are prominently displayed in the main lobby of the facility and the Cornhuskers' three Heisman winners and other major award winners are prominently featured.

ED AND JOYANNE GASS PRACTICE FACILITY

The Ed and Joyanne Gass Practice Facility (above) consists of two full-size playing fields, one with FieldTurf and the other with natural grass. The practice fields are connected to the Hawks Championship Center, giving Nebraska three practice fields for maximum efficiency during practice.

NEBRASKA PLAYERS' LOUNGE

Nebraska players have a dedicated lounge (below) to enjoy during their down time. The comfortable lounge area features all the latest technology and includes a display to highlight Nebraska's rich NFL tradition.

A PIONEER IN STRENGTH & CONDITIONING

The University of Nebraska was the first NCAA school to have a paid strength and conditioning coach, the first to lift weights in-season, the first to hold an official summer conditioning class for student-athletes and the first to offer a degree for strength coaching. Husker Power is a nationally recognized brand and a source of pride for Nebraska Football.

Nebraska football student-athletes train throughout the year in the Ndamukong Suh Strength and Conditioning Center, one of the nation's finest facilities of its kind. Built in 2006, the facility is one of the largest in the country and is a unique, state-of-the-art complex.

The facility gives Husker student-athletes a technological and strategic advantage by combining state-of-the-art strength training innovation with top-notch coaching and programming. The Ndamukong Suh Strength and Conditioning Center contains a field turf agility track adjacent to the strength training equipment allowing for high impact strength programming on different dynamic surfaces.

The football strength and conditioning staff consists of five full-time staff members, led by Head Football Strength Coach Mark Philipp. The staff works with Husker football student-athletes teaching proper strength and conditioning techniques, allowing them to reach their maximum potential.

The latest upgrade to the Ndamukong Suh Strength and Conditioning Center took place in the summer of 2015. The facelift nearly doubled the number of lifting platforms and included new equipment and new apparel. The layout changes allow the strength staff to redesign and implement a program that accommodates each individual athlete with the most beneficial exercises in an efficient period of time.

Components considered in the new weight room layout included accommodating a larger number of athletes per group and the time and space required to enhance performance and reduce the risk of injury.

N NEBRASKA ATHLETIC PERFORMANCE LAB

A PIONEER IN SPORT SCIENCE

The Nebraska Athletic Performance Laboratory (NAPL) is recognized as the first performance research center within a collegiate athletic department. The NAPL features a talented, multidisciplinary team that includes a full-time director, assistant director and biomarker lab director, and two research post-doctoral fellows.

Located in East Memorial Stadium adjacent to UNL's Center for Brain, Biology and Behavior (CB3), the NAPL collaborates with Nebraska's Performance staff and athletic programs to offer the highest level of integration of sport performance technologies and systems.

The NAPL is made up of the Mark and Debra Classen Cardio Area, James and Karen Linder Dynamic Performance Center, Markin Family Collaborative Center, Thayer Family Athletic Research Lab and cutting-edge equipment donated by the Suzanne and Walter Scott Foundation. The main entrance for the research facilities is located in the Janet and Gerard Keating Family Concourse.

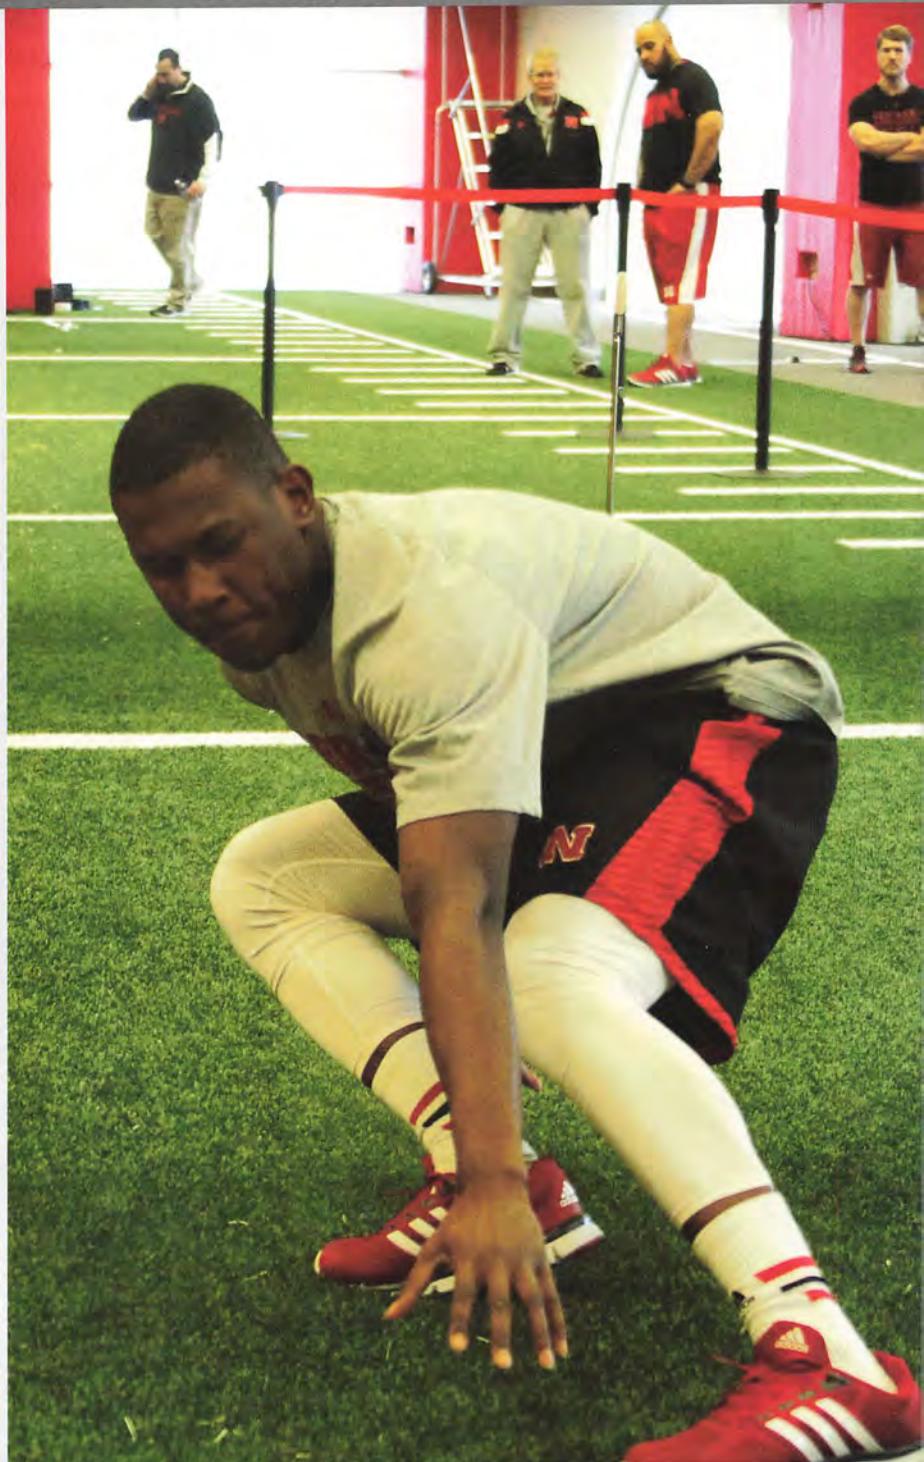

Focused on student-athlete health, safety and welfare, the NAPL is a world-leading research and performance facility focusing on the performance enhancement, safety and long-term well-being of student-athletes.

The NAPL includes simulated athletic environments for studying performance, incorporating a camera system to track human motion capture videos (3D) to measure athletes in their development through testing results to create an athletic performance index for each athlete, force plates to measure ground reaction forces and state-of-the-art technology to assess physiological limitations and biomarkers, investigate exercise cardiovascular capacity and measure body composition.

All 24 Husker athletic programs conduct performance testing at NAPL. Force plates and motion capture videos (3D) are used to measure athletes in their development through testing results to create an athletic performance index for each athlete.

The NAPL uses IDexa as an advanced, accurate and reliable method to analyze and measure body composition.

The focus of the Thayer Family Athletic Research Lab is recovery from competition, travel and all stressors a student athlete might experience by measuring salivary biomarkers hours prior to and up to 24 hours post-competition.

N NEBRASKA ALL-TIME GREATS

THE HISTORY BEHIND NEBRASKA'S RETIRED JERSEYS

Following the 1949 season, the N Club voted to retire jersey No. 60 in honor of Tom "Train Wreck" Novak's stellar career with the Cornhuskers. Novak, the first Nebraska player to have his jersey retired, had been a four-time All-Big Seven choice and a 1949 All-American. Novak remained the lone Husker to have his jersey retired until 1972, when Johnny Rodgers started a new tradition. Rodgers' number was retired immediately after his playing career after he claimed the 1972 Heisman Trophy, the first Husker to win the prestigious award.

Beginning with Rodgers, all major national award winners at Nebraska automatically have their jerseys retired, but their numbers will still be available to active Huskers. Nebraska players who have earned the distinction of jersey retirement include three Heisman Trophy winners, eight Outland Trophy winners with a nation-leading nine awards, one Johnny Unitas Golden Arm Award winner, one Davey O'Brien Award winner, one Butkus Award winner, one Rimington Trophy winner - a trophy which was named after legendary Husker Dave Rimington - one Bednarik Award Winner and one Bronko Nagurski Trophy winner.

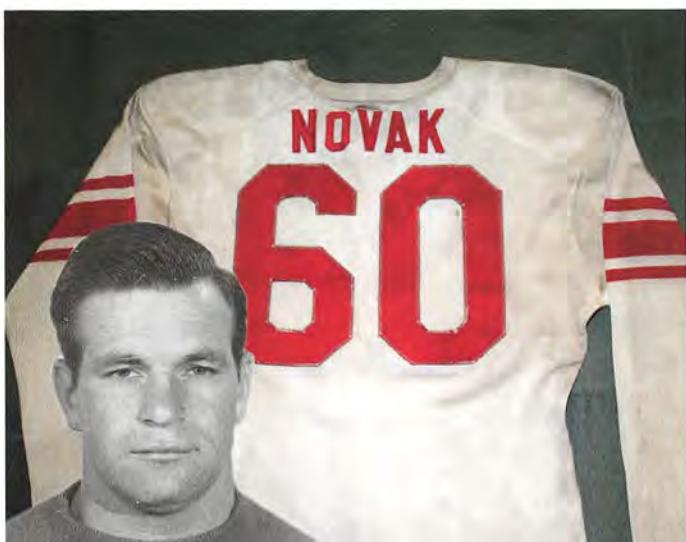

As of July 1, 2017, a total of 17 Huskers had been honored with the distinction of having their jerseys retired. Those players have combined for 23 All-America awards and 10 are members of the College Football Hall of Fame.

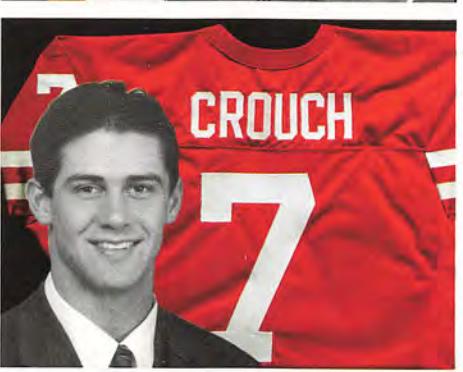

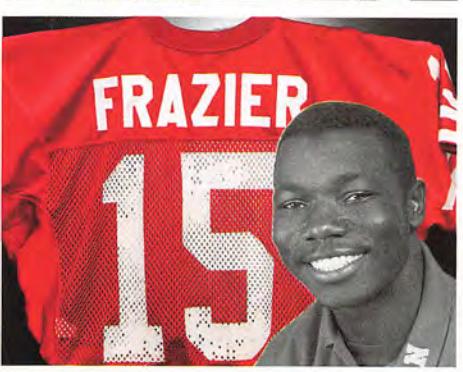

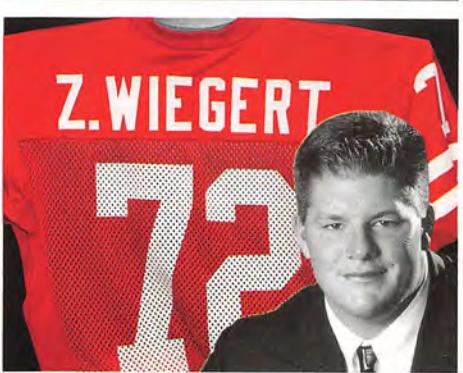

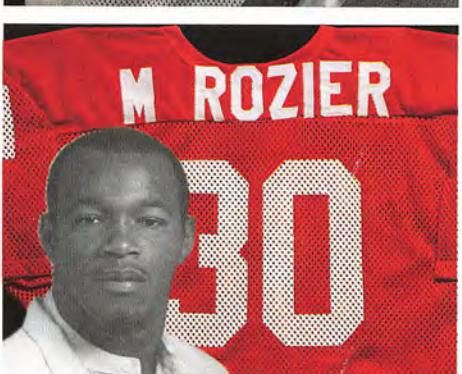

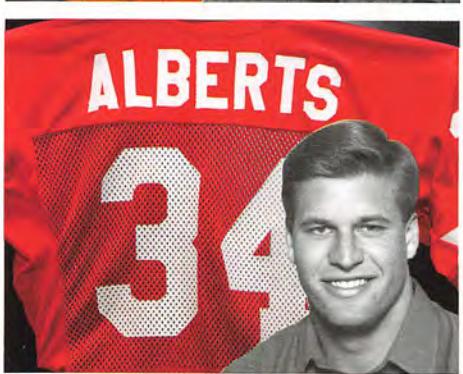

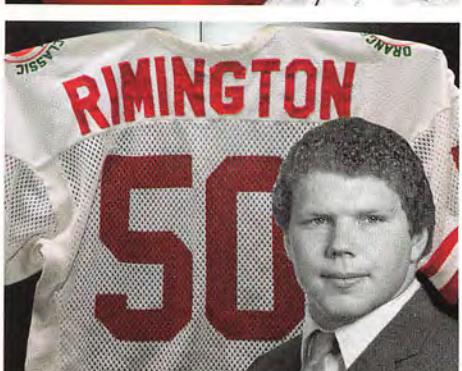

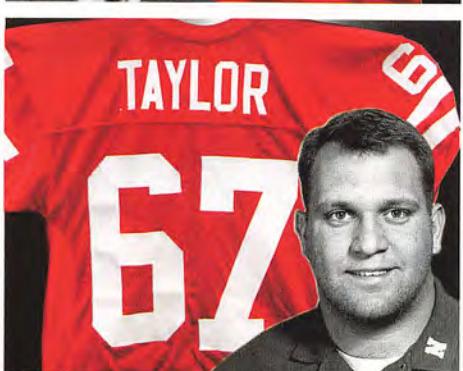

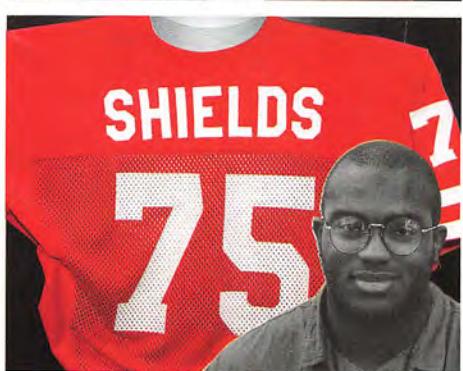

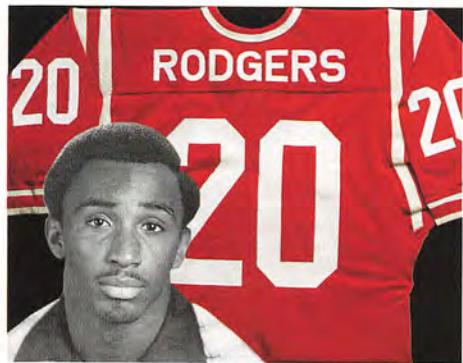

1993 Butkus Award winner Trev Alberts is one of 17 players with their jersey retired at Nebraska. Alberts is the most recent Husker selected to the College Football Hall of Fame and was honored with his on-campus salute in October of 2015.

NEBRASKA AND THE NFL

There is No Place Like Nebraska to train for a career in professional football. Nebraska is the only college football program with a former NFL general manager on staff, providing student-athletes with NFL expertise and connections that simply can't be matched by any other school. On the field, Mike Riley spent three seasons as head coach of the San Diego Chargers, making him one of only eight active FBS coaches who also served as an NFL head coach. Three Husker assistant coaches also coached in the NFL.

- More than 400 former Nebraska players have played in the NFL.
- At least one Husker has been selected in 55 consecutive NFL Drafts, the fifth-longest streak in NFL Draft history.
- At least two Huskers were selected in every NFL Draft from 1963 to 2016, the longest such streak in NFL Draft history.
- A former Husker has appeared on a Super Bowl roster for 25 consecutive years, the longest streak in the nation.
- Five different former Huskers have been selected for the Pro Bowl in the past two seasons.
- Two former Huskers were inducted into the Pro Football Hall of Fame in 2015.

N NEBRASKA ATHLETICS LEADERSHIP SOCIETY

"The Nebraska Athletics Leadership Society Investors' Meeting was the first time the Athletic Department had gathered a collection of investors together and peeled back the onion to explain where and why dollars were being invested."

» NEBRASKA DIRECTOR OF ATHLETICS SHAWN EICHORST

Launched in 2016, the Nebraska Athletics Leadership Society is the annual comprehensive giving program in support of the Student-Athlete Experience Fund. Investors who prioritize philanthropic giving and reach select gift milestones earn membership in the Leadership Society.

One of the highlights of earning membership into the Nebraska Athletics Leadership Society is an invitation to the annual investors' meeting. On Friday, Sept. 30, 2016, Nebraska Athletic Development hosted the inaugural Leadership Society Investors' Meeting. More than 150 investors gathered inside the West Stadium Club of Memorial Stadium to hear how alumni, friends, families and corporate partners can create an exclusive one-of-a-kind Nebraska Student-Athlete Experience.

The meeting covered A to Z in Nebraska Athletics with a keynote address from Big Ten Commissioner Jim Delany, an executive report from Director of Athletics Shawn Eichorst, a creative presentation on recruiting millennials from Chris Brasfield, a speech on the student-athlete experience from softball academic All-American Mattie Fowler, a financial update from Chief Financial Officer John Jentz and many other fact-filled reports from members of the athletic department's leadership team.

The second annual Nebraska Athletics Leadership Society Investors' Meeting will be held on Friday, Oct. 6. To learn more about the Nebraska Athletics Leadership Society and the Student-Athlete Experience Fund, visit huskers.com/development.

THE STUDENT-ATHLETE EXPERIENCE FUND

The Student-Athlete Experience Fund is at the forefront of our philanthropic fundraising program that directly supports nearly 600 student-athletes across 24 varsity sports. As we continue to be pioneers in the student-athlete experience, we need your help to recruit the finest students who are motivated to earn a college degree and compete for championships.

Contributions will impact academic services, life skills programming, athletic medicine, strength and conditioning, the Nebraska Athletic Performance Laboratory, nutrition, and the Post-Eligibility Opportunities Program.

The Chancellor's Society recognizes individuals and organizations who are committed to supporting the University of Nebraska-Lincoln through gifts to the University of Nebraska Foundation. Members have reached the cumulative outright giving level of \$50,000 or more to the University of Nebraska-Lincoln. The recent increase to \$50,000 went into effect in January 2016, but all members were grandfathered in at the original \$25,000 level. For information regarding this listing or on becoming a University of Nebraska-Lincoln Chancellor's Society member, please contact Amanda Feser, Director of Donor Relations & Recognition at the University of Nebraska Foundation, by phone at (402) 458-1204 or via e-mail at amanda.feser@nufoundation.org.
